

CUAN LAW

BVI DIVING

With its beautiful clear waters and lush green islands,
the British Virgin Islands are best enjoyed by sea.

With her towering sails, the Cuan Law provides
the ultimate in laid back luxury. The ambiance
is both fun and relaxed, with a wide range of
activities to suit everyone, as well as ample
opportunity for quiet relaxation. Dive the
historical wrecks and many reefs throughout
the British Virgin Islands in style.

accommodations

At 105ft long and 40ft wide, Cuan Law is the largest trimaran in the world! Fully crewed with captain, chef, 2 stewards, engineer and 2 dive masters. Cuan Law accommodates up to 20 guests in her 10 spacious staterooms. All staterooms can be configured as either two twin beds or one queen bed, and each features a private bathroom and individual air conditioning. The extensive aft deck, top deck with hammocks, and air conditioned saloon offer great space to enjoy the picturesque views, socialize and relax.

dining

Our gourmet Chef will delight your palate with international flavors! We offer multiple choice for entrees at breakfast and lunch. Dinner is a classic sit down and is the culinary highlight of the day. Fine wines and a fully stocked bar will complement the fresh and local ingredients.

diving

We have over 100 dive sites in the British Virgin Islands. The BVI's are known for some of the best ship wreck dives in the world including the RMS Rhone, the Chikuzen and the newly sunk Kodiak Queen equipped with a giant kraken sculpture sitting atop. Scuba Diving on the CUAN LAW is a breeze – and you'll handle your tanks as little as possible. Most of the diving is done from tenders. Personal gear (masks, etc) is stored in your own bin which is beneath the seating in the aft deck so it is well out of the way during the day. We can offer as many as three dives a day and one night dive daily. Friday, we offer two dives before the beach BBQ. Water temperatures in the BVI's range from 78-82 (25c -28c) year round.

adventures

The Cuan Law offers so much more than diving! Guests enjoy full sails through the Sir Frances Drake Passage as well as island hopping and beach excursions along the way. With kayaks, Hobie cats and water toys on board, you can spend your surface interval doing as much or as little as you like. To finish off the week, we offer a beach barbeque at the famous Baths on Virgin Gorda.
