DAY 8

KOON

The small island of Koon has a vertical wall and a slope where the current curls, pushing schools of trevallies, batfish and barracuda in. Reef sharks are common, but the stars of the show are the giant groupers, the largest of which reaches a size of 3m! Quite exciting dives!

DAY 9-11

BANDA ISLANDS

We will start the day in Pulau Hatta / Karang Hatta, where we will dive both sloping reefs and vertical walls. The current attracts many fish, including fusiliers, dogtooth tuna, eagle rays, barracudas, and sometimes sharks. On the reef, you will also see beautiful soft corals, leather corals, bigeye trevallies, and turtles.

After our dives, we will enjoy a land excursion to this beautiful spice paradise and learn more about its incredible history.
