The Bahamas

Your home-away-from-home will be the Exuma Cays - exceptional scuba diving only available via liveaboard. This location is unique due to the variety of dive experiences available: reefs, walls, wrecks, high-speed drift, blue hole, sharks - and a passive feed. Spend your days diving, enjoying the awesome scenery and getting to know everyone onboard.

The Vessel

Blackbeard's dive adventures take place on two identical 65-ft. sailboats.

- Dining - picnic-style outdoors in the horseshoe or inside near the galley
- Bunks - beds come in doubles and singles as uppers or lowers
- Bathrooms (heads) and showers - small and shared with your mates
- Kitchen (galley) - a compact space where all meals are prepped
