

# All Star Cuba

## Diving in Cuba is Now Open to U.S. Citizens

All Star Liveaboards is now offering dive liveaboard trips to the untouched Jardines de la Reina (Gardens of the Queen) Marine Park. With 6 species of sharks, healthy corals, abundant adult fish and macro-critters, it's right in your own backyard - no need to travel to SE Asia.

- Departs Jucaro, Cuba on Saturdays
- 7 night itineraries to the marine park
- All meals, snacks and beverages on board
- Up to 22 dives including 2 night dives
- Eco adventures - snorkel with the crocodiles, plus mangrove and wetland excursions

## Cuba

All Star Liveboards has crafted a program in which guests can have meaningful interactions with the Cuban people and assist in conservation efforts through various projects. The Jardines de la Reina Marine Park is a beacon of hope and a prime example of proper ecosystem management. Throughout the week, guests will have interactions with marine biologists, naturalists and dive guides. Divers can explore pristine waters, home to 6 species of sharks, where fish and corals have been able to grow, flourish and recover.

## The Vessel

All Star Cuba has partnered with Avalon Diving to offer a luxury scuba diving liveaboard experience. Within the fleet of luxury liveaboards, guests will travel to beautiful Jardines de la Reina.

- All cabins feature a private bathroom, TV and individually climate controlled air conditioning.
- Cuban and international cuisine served family-style
- Shaded dive deck with warm water showers
- Ample space for dive gear including underwater camera and video set up plus a charging station
- Main salon with dining/living room areas
- Upper deck with sundeck and Jacuzzi®
- Two 30-foot custom power boats for quick access to dive sites
