 Contact in case of emergency Day Phone # Evening Phone #

Required medication _____ Medication which may not be given _____

Medical Alert Information _____ Diver's Insurance Company & policy # _____

In case of a medical emergency, I authorize the crew of the vessel to administer first aid or get proper medical attention if necessary. I understand that the nearest recompression chamber is hours away and may require air evacuation. The time involved with boat and air transport poses additional risk to my personal safety. I accept this risk and am fully prepared to pay all expenses related to evacuation and treatment should it be deemed necessary by myself or the vessel.

A Guide to Gratuities: The Live-Aboard dive business is a service industry, and although the general public is seldom aware of it, gratuities are a major part of a crewmember's salary. We have found few other recreational activities where the general public relies so heavily on the professionals in charge for their enjoyment and safety. However, we strongly feel that gratuities should be voluntary based on the quality of service the crew provided. If excellent service is provided, it is **customary for satisfied customers to tip 15% of the trip value.** If you are not satisfied with the services you receive, (keep in mind that it's not their fault if weather affects your trip), you should inform the captain of your feelings and tip accordingly.
